

Faith Formation In The 21st Century

Developing a Sustainable Network To Build and Strengthen Men's Faith

The ROI of changing our model of faith formation is that our congregations will still exist in a generation.

Our society is experiencing exponential change in the way we relate to the world around us. The top 10 jobs did not exist 10 years ago. We know that the first decade of the 21st century has brought dramatic political, economic, social and cultural changes affecting virtually every dimension of American religious life. Faith formation will require new principles, models, approaches, and technologies for the 21st century.
