

LMM Region 1 Report

Covering Washington, Oregon, Idaho, Montana, and Alaska

With the frontier having vast, lightly populated, areas, reaching men has the challenge of distance to confront. David George took up that challenge three years ago in the largest frontier in the nation, Alaska. I thank David for all his work and effort in working with men in furthering the mission of LMM and of the Spirit. Please pray for his continued work in this large geographic area.

In the lower states of Region 1 a significant step forward was recently made in Washington with the first OYTL Retreat with 17 attendees. With this impetus, I am optimistic that there will be future retreats and leadership coming forth for which the Spirit will guide.

Tom Lucas
